PRODUCTS AND SERVICES

Design and Manufacture of Rubber Tyre Gantry Crane (RTG)
Design and Manufacture of Travelling Cargo Crane (TCC)
Steel structure Engineering, Mechanical engineering
Technical Service
Transport services for oversized and overweight cargo
Material, Equipment, and Spare part supply for Seaport
Material, Equipment, and Spare part supply for Oil & Gas Industry

1 COMPANY PROFILE

The predecessor of the Tan Cang Gantry Joint Stock Company (TCGT) is the Tan Cang Mitsui Joint Stock Company founded in March 2018. Tan Cang Mitsui Joint Stock Company was restructured and renamed Tan Cang Gantry Joint Stock Company in December 2021. Two major shareholders are Tan Cang Technical Services JSC (TCTS) and Tan Cang Offshore Services.

Tan Cang Gantry Company (TCGT) specializes in the manufacture of equipment for the port mining industry; Purchasing and rental services of harbor mining equipment; Transportation of super heavy cargo, especially transportation, and unloading of large cranes such as RTG and STS,...

VISION

The goal is to be a pioneer and sustainable development unit in the field of manufacturing, completion of new equipment for harbor mining in Vietnam, achieving prestige, and quality reaches the region and the world.

MISSION

Not only do we accompany our customers on their journey to optimize operational efficiency and exploitation of Vietnamese ports, but we also focus on our customers. Build confidence through perfect product quality, dedicated, professional service with deep understanding.

CORE VALUE

Creativity

Creativity plays a leading role in developing ideas for product and service development to meet the ever-increasing standards of our customers.

Technology

Application of science and technology, modern machinery, advanced lines in manufacturing.

Trust

Build, and maintain customer trust and satisfaction through the provision of good quality service products.

Global

The aspiration to expand the market and bring the brand Tan Cang Gantry (TCGT) to the sea, contributing to raising the position of the Vietnamese brand on the international market.

The logo for Tan Cang Gantry (TCGT) is displayed in a large, blue, outlined font. The letters are stylized and interconnected. The logo is positioned in the center of the page, with a blue line extending from the left side of the 'T' and another extending from the right side of the 'T', both ending in diamond-shaped connectors. The background features large, abstract blue geometric shapes in the corners.

MAIN SHAREHOLDERS

**TAN CANG
TECHNICAL SERVICES**

BEST SERVICE QUALITY FOR
THE LONGTERM DEVELOPMENT

With a team of skilled engineers - technical experts consisting of more than 500 individuals, specialized equipment such as large-capacity wheeled cranes, passenger forklifts, various types of measuring equipment, and 11 infrastructures spanning from North to South, all of which are available 24/7 for any required technical services in the port operations industry. Tan Cang Technical Services Joint Stock Company is also a prominent company providing technical assurance services for port operations equipment in Vietnam.

**TAN CANG
OFFSHORE SERVICES**

OUR SUCCESS IS DRIVEN BY CUSTOMERS

Established in 2012, Tan Cang Offshore Services Joint Stock Company (TCO) is a reputable and professional maritime service provider. TCO, a member of Saigon Newport Corporation, is one of the three pillar businesses of the company. TCO excels in analyzing and implementing comprehensive marine solutions for customers in various industries, including oil and gas exploration, as well as wind power.

2 PRODUCTS & SERVICES

A Crane production

- ◆ Manufacturing and assembling crane equipment, cranes, and loading and unloading equipment

◆ Design and manufacture of hoisting appliances and equipment for transporting oversized cargo

1. Project to design and manufacture the Chu Lai THACO Truong Hai crane.

Capacity of the crane

- SWL with Hook mode: 45/40 tons

Lifting height: 55m

Reach from the center of the rotating crane:

- Maximum reach with a hooked beak: 3638m
- Minimum reach when active: 4.0/4.0m

Span: 20 m

Rail: A100

Wheel base: 16 m

2. Project to manufacture Macgregor base cranes at Hau Giang Port.

Capacity of the crane

- SWL with Grab mode: 30 tons
- SWL with Hook mode: 45/40 ton

Lifting height: 41 m

Reach from the center of the rotating crane:

- Maximum reach with a hooked beak: 26/29 m
- Minimum reach when active: 3.5/3.5 m

Span of crane: 18 m

Rail: A100

Wheel base: 15 m

◆ Design and manufacture of Port equipment.

Products:

- + Rubber Tyre Gantry Cranes 6+1
- + Ship to shore Cranes

3. Project to design & manufacture Rubber Tyre Gantry Cranes.

• Typical Design Parameter

Classification according to F.E.M:	U7 - Q2 - A7
Gantry span:	23.47 m
Lifting height:	18.3 / 21.3 m
Safe working load:	40.6 t
Travel wheel gauge:	6.9 / 8.9 m

• Working Speed

Hoisting speed:	26 / 54 m / min
Trolley speed:	70 m / min
Travel speed:	90 / 130 m / min
Wheels per corner:	2 (8 wheeler)
In service wind speed:	72 km/h (20 m/s)
Out of service wind speed:	151.2 km/h (42 m/s)

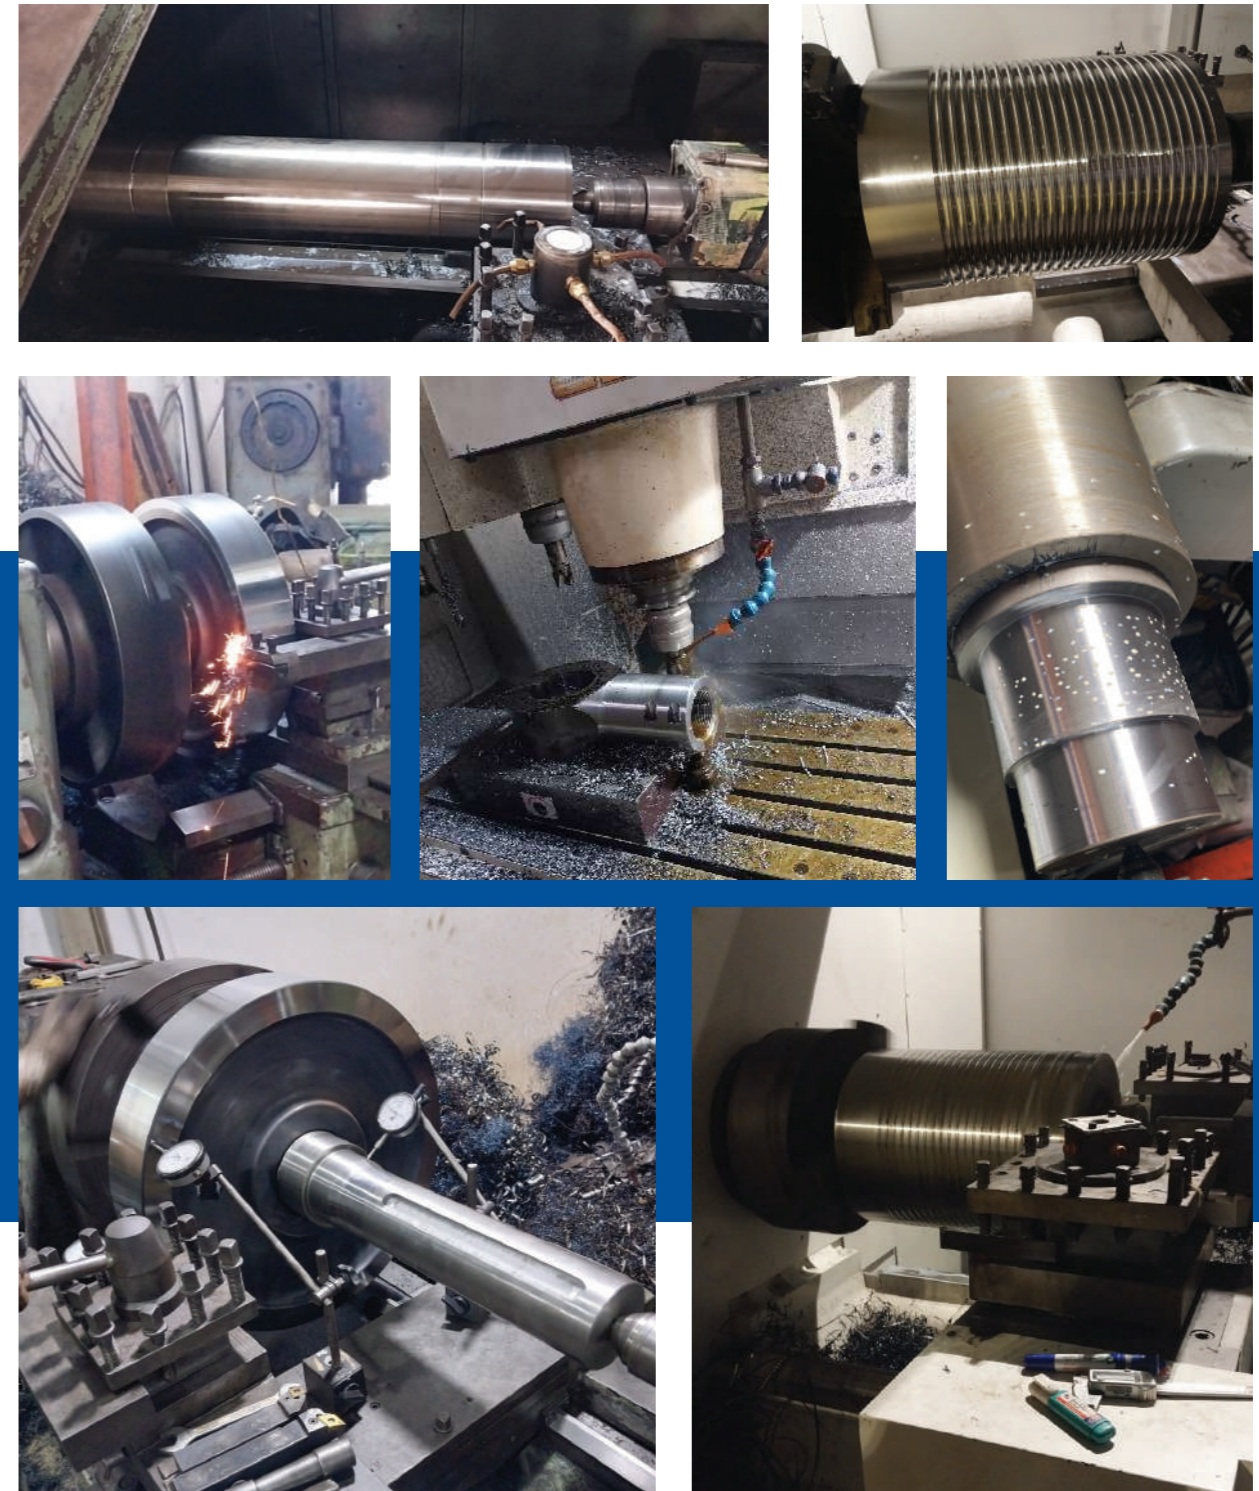

Steel structure & Mechanical equipment processing

- ◆ Processing and manufacturing steel structures for port industry equipment such as frame cranes, shore cranes, pillar cranes,...

- ◆ Mechanical Spare parts Processing and Manufacturing

C PROVIDING TECHNICAL ASSISTANCE

- Repairing machinery for the seaport industry.
- Improve equipment quality.
- Installing cranes and supplying industrial materials

D Transport services for oversize and overweight cargo

Providing optimal solutions and equipment for transporting, loading, unloading, and lashing large-sized cranes such as RTG, STS, etc.

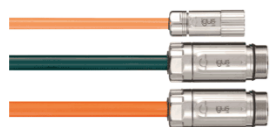

Providing materials, equipment and spare parts for the Seaport Industry

Agent of Singapore's Prised LED Lighting Company.
 Exclusive distributor of Akzo Nobel Paints.

Equipment, and parts from our strategic partners are the world's leading supplier of equipment for industrial equipment such as Siemens electrical equipment; Igus plastics processing, Stinis...

Providing materials, equipment and spare parts for the Oil and Gas Industry

- Providing all kinds of engines and spare parts for the oil and gas industry such as cable, Cameron, NOV...
- Distributing materials, technical equipment, and spare parts for the oil and gas industries.
